

All Age Family Communion

Dear.....

I'd like you to share my meal! Your Birthday is a special time when people remember you. This meal is a special time to remember me. The night before I died for you, I had a meal with my special friends. I told them to remember me by sharing a meal. Every time they ate it they would remember that I died for them.

Now that you are part of my family I want you to remember that I died especially for you. Eat this meal and share it with your friends and family. I will be there too.

You did not do anything to make me love you this much. I just loved you.

As you eat remember that because I died you have new life.

I love you. I loved you yesterday and I will love you tomorrow. Nothing you can do will change my love for you.

I love you so very much.

Jesus
